OUT ON A STRIKE.

Every Union Carpenter in Chicago
Lays Down His Tools

And Demands Eight Hours and
Forty Cents an Hour.

Many of the Non-Union Men Quit Work
In Sympathy With Their Union Breth-
ren—Massachusetts Carpenters Will
Demand Eight Hours for a Day's Work
After May 1—Other Labor Troubles.

CHICAGO, April 8.—Between 5,000
and 6,000 carpenters were out on a strike
in Chicago Monday morning. The
strike really began at 12 o'clock Sunday
night, and when Monday dawned not a
union carpenter was at work in the city
limits. All had left their tools and
joined the movement for a shorter day
and forty cents an hour. A great many
of the non-union men quit work out of
sympathy for their union brethren and
it was claimed that most of them would
join the carpenters' union.

Secretary Johns, of the master car-
penters, said that so far as he could tell
about all the union carpenters in the
city had gone out.

"We shall not attempt to at once re-
sume work with the help of the non-
union men," said he, "but will wait until
our Thursday meeting before doing any-
thing decisive."

The Bricklayers and Stonemasons.
The bricklayers and stonemasons have
notified the strikers that they will refuse
to work on jobs with non-union carpen-
ters. Similar action is looked for on the
part of the lathers, plasterers and paint-
ers.

IN MASSACHUSETTS.

Carpenters May Go Out May 1—Prospects
of Other Strikes.

BOSTON, April 8.—Fully 4,500 carpen-
ters in Massachusetts will demand that
nine or eight hours constitute a day's
work, on and after May 1. Such was
the report received at the carpenters
district council Sunday night. Each
one of the seventy-five delegates present
stated that the union carpenters in the
thirty-seven towns they represented
were prepared to strike, should reduc-
tion be refused. The non-union carpen-
ters in all towns represented in the
council were reported to be taking a
lively interest in the eight-hour agita-
tion, and they had all promised to sup-
port the union carpenters in an attempt
to enforce the eight hours.

Piano Varnishers and Polishers.
At a meeting of 200 piano varnishers
and polishers Sunday night many speak-
ers urged all connected with the piano
industry to move for the establishment
of an eight-hour labor day.

Bakers.

Bakers' unions No. 4 and 54 will on
May 1 demand that their hours of labor
be reduced from sixteen to ten per day.

Building Laborers.

At a meeting of Building Laborers' union
Nos. 1 and 7, held Sunday, great
enthusiasm prevailed over the prospect
of shortening the labor day. A report
from the National secretary stated that
the organization was growing in all parts
of North America.

AT WHEELING.

Long Struggle Expected Between Union
and Non-Union Men.

WHEELING, W. Va., April 8.—All the
planing mills and building firms, which
have been idle for three months on ac-
count of the strike, started with non-
union men Monday morning. The
strikers will at once proclaim a boycott.
About 1,700 men are out in all the build-
ing trades, and a protracted and disas-
trous struggle is inevitable.

Strike of Railroaders.

LEBANON, Ind., April 8.—Conductors,
brakemen, engineers, firemen and shop-
men employed on the Indiana Midland
railroad went out on a strike here at 4
o'clock Sunday.

The company is behind with pay for
services since last December. The men
were induced to go to work this morning
and give the company till next Thursday
to settle or go out again.

BRASS BAND IN A CHURCH.

New Method of a Norfolk, Va., Minister
to Attract a Crowd.

NORFOLK, Va., April 8.—Dr. Tudor,
the pastor of Granby Street Methodist
Episcopal church has declared war on
Cumberland Street church, of the same
denomination. Up to two months ago
Granby Street Church had the call,
while Cumberland Street church was
empty. To improve the attendance at
the latter Dr. G. W. Starr, an eloquent
minister, and Professor Newton Fitz, a
leading musician and choirmaster, were
engaged.

The result was pleasing. Granby
Street church lost heavily in attendance,
while Cumberland Street church was
filled in every part. Then Dr. Tudor de-
termined to get his people back. He en-
gaged a choir master, and directed him
to get all the music he wanted. The lat-
ter followed instructions. He has en-
gaged a band, made of fifteen pieces,
and for the first time in the history of
the Methodist church there was brass
band music at services Sunday. The
fight is causing a sensation in religious
circles.

INDIANAPOLIS, April 8.—James Shep-
ard was found on the streets Sunday
night dying from a number of wounds
inflicted by a knife on the head and
chest, and was transferred to the city
hospital. Robert Towns was arrested
on a charge of assaulting Shepard. No
one saw the act, but the two men have
been at enmity, growing out of their at-
tention to a woman.

PICKPOCKETS AT CHURCH.

An Exciting Episode at an Easter Cel-
ebration in New York.

NEW YORK, April 8.—At Calvary
church, at Seventh avenue and Twenty-
ninth street Sunday, in the morning,
after a love feast, led by Rev. J. P. Her-
man, Bishop Daniel A. Goodsell
preached a sermon: in the afternoon the
ceremonial for the ordination of deacons
and elders was followed by the sacra-
ment of the Lord's supper, administered
to a large congregation including
many of the preachers attending
as members of the New York confer-
ence, and in the evening an anniversary
meeting of the Educational society was
held. An exciting scene occurred di-
rectly after the morning service. Mrs.
Reed, of one of Harlem's most respected
and most fashionable families, while
coming out of church by the central
aisle and near the main door, where the
throng at the moment was greatest, ad-
monished by the unpleasant experiences
and announcements of the past week,
put her hand in the pocket of her dress
to see if her purse and a loose \$5 bill
were still there.

Her hand encountered in her pocket
another hand that did not belong there.
She was too surprised to cry out. Her
hand, as she described the case, was im-
mediately assailed by the intruding
hand, being violently pinched and re-
ceiving several dull red scratches, which
still remain. Although too much par-
alyzed to appeal for help, Mrs. Reed had
sufficient presence of mind to seize the
woman whose act of thieving she had
arrested and cling to her garments. She
was in this position dragged for several
paces to the door, where the struggling
thief escaped, but not until almost di-
vested of her hat and cloak.

Although six of Inspector Byrnes'
detectives were in the church at the time
on the lookout for pickpockets they were
not made aware of this encounter until
the woman thief had made her escape.
Early last week a number of overcoats
belonging to attendants on the confer-
ence disappeared, and in consequence a
cloak and hat room, with a regular sys-
tem of attendants and tickets, were
established. Two ladies had their pocket-
cases picked. Inspector Byrnes has since
had a squad of men at the meetings of the
conference.

A BOOK WITH MANY AUTHORS.

Southerners Unite in Work on Recon-
struction of Their Section.

WASHINGTON, April 8.—Representa-
tives Herbert, of Alabama; Hemphill, of
South Carolina; Turner, of Georgia;
Stewart, of Texas; Wilson, of West Vir-
ginia; ex-representative Barksdale, of
Mississippi; Senators Vance, of North
Carolina; Pasco, of Florida; Vest, of
Missouri, and Messrs. W. M. Fishback,
of Arkansas; Ira P. Jones, of Tennessee;
C. S. Long, of West Virginia, and B. J.
Sage, of Louisiana, have collectively
written and will soon publish a book en-
titled "Why the Solid South, or, Recon-
struction and Its Results."

It undertakes to narrate, fairly and
dispassionately, in concise and popular
form, the history of the reconstructed
government in each state, showing how
the Republicans obtained control and
how they lost it, the figures and facts as
to shrinkage of values and increase of
debt and taxation under these govern-
ments, and the prosperity of the south
under present auspices. The book speaks
of Abraham Lincoln's death as an ap-
palling calamity to the south; argues
that Andrew Johnson followed strictly
Lincoln's plan of restoration, and con-
tends that if Lincoln had lived he would
have been able to defend that plan
against the assaults of congress.

Each chapter is signed by its author,
who thus becomes directly responsible
for the truth of his statements, and the
claim of the book in its preface, written
by Gen. Herbert, its editor, is that in all
the chapters the facts are understated
rather than overstated. The race ques-
tion and race troubles are extensively
discussed; the statement made that there
is no intention to agitate for the repeal
of the fifteenth amendment, or the de-
portation of the negro. Educational and
material statistics of many kinds are
given in support of the contention that
the negro is prospering, and that the
south is solving for itself the negro ques-
tion.

The book is dedicated to the business
men of the north, with a statement that
they are interested in continuing the
prosperity of the south.

Temperance Tabernacle Talk.

CHICAGO, April 8.—After all the talk
and bluster that has been made concern-
ing the \$1,000,000 temperance tabernacle
to be erected under the auspices of the
Woman's Christian Temperance
union, it turns out that the
organization has failed to secure
the necessary support and interest in
the enterprise and as a result the struc-
ture, instead of being reared upon the
contributions of thousands of temper-
ance people in all parts of the world will
owe its existence to a few local capital-
ists who have subscribed the necessary
funds. The union has the option of se-
curing a majority of the stock
within a certain number of years at a
premium, but it is doubtful whether it
will ever be able to take advantage of
the conditions. The building when
completed will be rented for temper-
ance and kindred purposes, and the
present investors will receive the rents
just as if it were an ordinary mercantile
enterprise.

THREE NEGROES KILLED.

Caught Stealing at Birmingham, Ala.
Marshall Seriously Wounded.

BIRMINGHAM, Ala., April 8.—While
three colored men at Irondale were
stealing railroad iron Sunday, City
Marshal England and Deputy Sheriff
Fortenberry came up and called for
their surrender. The colored men ran
about a mile with the officers in pursuit,
when one of them turned and shot En-
gland. Deputy Fortenberry opened fire
on the colored men, and when the firing
ceased all three were dead. Marshal
England will probably die.

TWELVE DROWNED

Sad Fate of Refugees on a Raft in
Bogue Bayou.

The Most Tragic Event so Far
of the Great Flood.

Increasing Seriousness of the Situation
In the Steel Bayou Country—A Further
Rise of Eighteen Inches Predicted.
Levee at Red Fork Cut, Endangering
An Important Section.

NEW ORLEANS, April 8.—Advices from
Vicksburg Sunday night said:

Nineteen negroes, the survivors of a
large party of refugees which attempted
to escape from the overflow down Bogue
bayou on a raft, arrived here on the Hill
City. They report that twelve women
and children were drowned when the
current dashed their crazy vessel against
a tree, and that they escaped with ex-
treme difficulty. This is the most tragic
event of the flood.

More Serious Daily

The situation is growing daily more
serious in the Steel bayou country. Earl
Miller, a prominent planter, and brother
of Attorney General Miller, arrived from
there to-day by steamer Evergreen, with
his family and stock. The Miller
plantation, though very high, has gone
under.

Still Rising.

The Evergreen reports the water along
the bayou still rising. Cattle and hogs
are offered for sale by the people at a
song. Much more stock must yet be
brought out or allowed to drown. A
steamer leaves Tuesday for Sunflower,
and that planters will desire to remove
their stock is certain.

The steamer Osceola arrived this
evening from the Bends. Her officers
report that the overflow is beginning to
empty into the Mississippi through the
Eagle lake, and predict a great increase
in pressure all along the Louisiana front
from that point southward for the next
two weeks. The Osceola begins an in-
spection of the levees from Delta, La.,
northward to-morrow, and will be
joined by President Maxwell, and proba-
bly Assistant Engineer Thompson.

There is the most unmistakable dis-
tress along Steel bayou, and it will be
cruelty to deny it. The Evergreen re-
turns there to-morrow and the Rousam,
with Capt. W. D. Pugh and M. W.
Smith on board, will follow Tuesday or
Wednesday. They will bring out all
people who are suffering or in danger.
Barges cannot be taken there, and only
the smallest boats are suitable for relief
work. Capt. Pugh will relieve the dis-
tressed, whether they have money or not
to pay their fare.

Telegrams from Sharkey, Tallahatchie
river, report a decline of eighteen inches.
Capt. John B. Mattingly, who has just
returned from Austin break, says it can-
not effect the Yazoo and Tallahatchie
country, as its current is too feeble.
Engineer Stubbs, of the Vicksburg,
Shreveport and Pacific railway, reports
the prospects more cheering, and only
twenty points rise in twenty-four hours
at the worst places on the line. He is
confident the road will hold its own.

EIGHTEEN INCHES MORE.

What the Louisianians May Expect.
Working With Desperation.

The following was received from Bayou
Sara La., Sunday:

The steamer Pargoud, now under gov-
ernment charter, arrived to-day, having
on board Capt. Kingsman, United
States engineer, in charge of this levee
district. He has been inspecting the
levees between New Orleans and this
place. He reports the Point Coupee front
in good condition with the exception of
the levee at Preston place, almost op-
posite Bayou Sara. At this point he has
left a large number of sacks and several
thousand feet of lumber, and he thinks
there is no immediate danger, if the
people in the neighborhood and on the
false river will rally at once and use the
material to the best advantage.

His motto is that the government is
willing to help those who are willing to
help themselves. He is of the opinion
that the situation is a critical one, and
warns our people to look out for at least
eighteen inches more water. The large
dikes or levees, such as Morgansea,
Scott's, Waterloo and Grand Bay are re-
ceiving his personal and untiring atten-
tion, and all that can be done in the way
of engineering skill is being done. A
large number of men are on constant
duty. The earthwork is thoroughly
braced with timbers, and a pile driver
and piles are kept ready for immediate
use when needed.

This great bulwark that guards so
many of our alluvial parishes is being
put to a severe test. May the prayers of
all south-western Louisianians for its safety
be favorably answered. Bayou Sara
still holds out, and is making a desperate
fight. A force will be put to work to-
morrow to raise the levee to meet the
coming rise. We are having lovely
weather. The river at this point has
risen two-tenths in the last twenty-four
hours, and is now only seven-tenths be-
low the high water mark of 1882.

The Levee Cut.

ARKANSAS CITY, Ark., April 8.—At 1
o'clock Sunday morning Capt. Tollinger,
United States engineer, received a dis-
patch saying that Red Fork people had
cut the levee about sixty feet wide and
five feet deep. Capt. Tollinger left im-
mediately for that point, and will be
followed as soon as possible by men and
material for the purpose of closing the
cut. Bogue bayou is a very important
point to all the country below here on
this side of the river.

Against the Butterworth Option Bill.
MINNEAPOLIS, April 8.—The chamber

of commerce received a circular from
the Chicago board of trade Saturday,
asking the chamber to appoint a delegate
to go to Washington with delegates from
other boards to work against the passage
of the Butterworth option bill. The
chamber will assume the position of
favoring the bill, claiming that this
chamber does not deal in futures.

SLAVE MARRIAGES.

An Indiana Court Decides That They Are
Illegal.

INDIANAPOLIS, April 8.—A special to
The Sentinel from Washington, Davies
county, says a case was decided there
Saturday which practically declares
slave marriages illegal. In the fifties
Andrew Thomas, a Georgia slave, mar-
ried another slave according to negro
rites. Three children were born. Later
Thomas escaped, settled in Davies
county, Ind., became prosperous, and
married again. After the war Mrs.
Thomas No. 1 hunted him up. For her
Thomas built a house on his farm, where
she has since lived in harmony with
wife No. 2. Recently, desiring that her
children should inherit a share of their
father's estate she brought suit to quiet
title to the farm. Saturday the suit was
decided against her, the court holding
the slave marriage illegal. The case will
go to the supreme court.

Weather Crop Bulletin.

WASHINGTON, April 8.—The weather
crop bulletin for the week ending Satur-
day says: Recent rains have placed the
ground in excellent condition for seed-
ing and farm work over the greater portion
of Iowa, Nebraska, Minnesota, Michigan
and Dakota, although in the extreme
north dry weather continues.

Throughout the winter-wheat belt
from Ohio to Kansas and southward to
Tennessee and Arkansas, farm work is
greatly retarded, owing to excessive
rains, the season being from two to three
weeks late, although wheat is reported
as having improved and oats and grass
look better.

The weather during the week affected
crops favorably in Louisiana and Texas,
where planting is progressing rapidly.
In the east gulf states, while the weather
was generally favorable and much pro-
gress was made in planting cotton and
corn, work was greatly delayed in north-
ern and central portions of Mississippi,
owing to excessive rains and floods. Crops
are much improved in the south Atlantic
states, where good growing weather pre-
vailed, but early crops need rain.

The weather during the week was
generally injurious to crops in New Jer-
sey and New York. In the former state
fruit and vegetables were injured and
little progress was made in farm work.
The prospect for a fruit crop in New
York is generally good, but peaches
have been injured. Frost is not yet out
of the ground in northern New England.
In the southern sections of this region
grass and rye were improved by good
growing weather.

Reports from Oregon indicate a late
spring, but seedling is in progress in the
uplands, the lowlands being yet too wet
for farm work. Winter wheat is pro-
gressing finely, but more sunshine is
needed.

It Is Not Well to Offend the Chef.

LONDON, April 8.—There is a singular
strike in progress at the popular Savoy
hotel, on the Thames embankment. A
new manager was recently appointed,
who was unlucky enough to offend that
powerful personage, the chef.
The monarch of the kitchen struck
work, and his sixty cooks followed his
example. The waiters joined the strike,
and next came the maids and porters.
The hotel is completely upset, and unless
the manager makes terms with the chef
the house will lose the benefit of the
holiday trade.

The Maudslough Cabinet.

WINNIEP, Man., April 8.—The cabinet
makers have struggled for the week past
in a futile attempt to find some one to
take the attorney general's shoes. No
decision has as yet been arrived at as to
the Hon. Mr. Martin's successor, but it
is reported that Clifford Sifton, of Bran-
den, is a likely man. Attorney General
Martin's term of office expired Monday.

Father's Revolving Crime.

PARKERSBURG, W. Va., April 8.—
Frank Chalfant, a one-legged ex-soldier
and cigar-maker, was arrested here Sat-
urday night on the charge of incest
with his daughter, a married woman.
The crime is one of the most serious un-
der West Virginia laws. This time the
officer caught him in bed with the
woman. He was sent to jail.

Confederate Decoration Day.

NEW ORLEANS, April 8.—Confederate
decoration day attracted thousands of
visitors to the cemeteries. The Ladies'
Confederate memorial association, the
Confederate veteran organizations, Sons
of Veterans and the citizen soldiery in
uniform participated. The Grand Army
of the Republic did not take part, as no
invitation was issued.

Fire in an Iron Mill.

MILWAUKEE, Wis., April 8.—The
Northwestern Malleable Iron company's
plant, which occupies an area of two and
a half acres and employs 225 men, was
damaged by fire to the extent of \$45,000
at 3 o'clock Monday morning. The plant
was valued at \$80,000, on which there
was \$30,000 insurance.

Not Silcott.

ST. LOUIS, April 8.—A representative
of the detective agency that made the
Portland, Ore., capture says the man ar-
rested is not Silcott but Snott, private
secretary to the president of the First
National bank, of Portland, who is
wanted for robbing the president.

Millionaire Stearns' Chance.

CHICAGO, April 8.—Marcus C. Stearns,
millionaire father-in-law of ex-Mayor
Carter Harrison, of Chicago, who, in a
fit of despondency shot four bullets into
his head on Saturday, it is thought by
his physicians, will probably recover.

THE EVENING BULLETIN

DAILY, EXCEPT SUNDAY.
ROSSER & MCCARTHY,
Proprietors.

TUESDAY, APRIL 8, 1890

Two hundred farms were sold in Atlantic County, N. J., by the Sheriff a few days ago for debt. This is the information brought to us by the Associated Press. Of course, the farmers of New Jersey, and especially of Atlantic County, will be yelling for Protection in the next campaign.

The vote of the House of Representatives to admit Idaho to Statehood did not show a quorum, but Speaker Reed counted a quorum. The country seems to be moving towards the "one-man power" rapidly, but the Supreme Court may put a check to it, as Democrats propose to test Reed's ruling in the Idaho case in the court.

The Legislature has been cutting tolls right and left down at Covington. Turnpike tolls have been lowered and the rates over the Suspension bridge have been whacked in two. A single crossing over that bridge is but one cent now and a person is entitled to twenty crossings for 25 cents. The Legislature has served notice on corporations that the people have some rights that must be respected.

The Republicans are in a minority in Rhode Island on the popular vote but they have things so nicely gerrymandered that they have managed so far to retain control of the Legislature. A like state of affairs prevails in Connecticut. It may not be exactly right, but the only way for Democrats to get even is to give the Republicans a dose of their own medicine. And the indications are that the Democrats of the present Kentucky Legislature will do their duty in this respect.

"That was rather a novel scene in the American Congress Thursday," says the Louisville Times, "when Henry Cabot Lodge, the bloody-shiner from Massachusetts, presented a manifesto from his constituents denouncing the hideous schedule of the McKinley bill, and praying that the boot and shoe industries of New England may be protected from such 'protectionists' as McKinley. The Republican side received the paper with the solemnity of a clock, while the Democratic side greeted it with loud, enthusiastic and prolonged applause. If Mr. Lodge would regain the good will of his party associates he must confine his statesmanship to a reconstruction of the South and leave economic questions to others."

THE LEGISLATURE.

Paragraphs of Interest Gleaned From the Doings of the State Solons.

There were fifty-six new bills introduced in the House Friday.

The Senate has passed an act for the benefit of Mrs. Patrick Craven of this city.

Representative Blackerby, of Bracken, is one of the members who favor sustaining the Governor's veto of the tax reduction bill.

Senator Poyntz has introduced a bill to establish an additional Justice of the Peace district in Mason County. This new district is the one talked of at Helena.

A bill is pending to repeal the act of 1883, which became a law without the approval of the Governor, exempting railroads from taxation for a period of five years from the beginning of construction.

Mr. Poyntz has also introduced a bill to increase the compensation of the Public Printer from 40 to 60 cents a thousand. The bill is in response to a petition from the employees of the office stating that they are paid 37½ cents of the 40 cents now allowed the Public Printer, and can not get an increase unless the State allows more.

The gerrymander project has been revived on advices from the Kentucky Congressmen that there is no danger to be apprehended from the McComas bill, and the committee having the redistricting work in hand will meet again this week. The bill as heretofore published will likely be passed, but with the following proviso:

If Congress assumes to Legislate upon the subject as to the territory that shall comprise Congressional districts from which the Representatives to the Fifty-second Congress shall be elected, and should provide that said Representatives to the Fifty-second Congress shall be elected from the same districts composed of the same territory and having the same boundaries as those from which the Representatives in the Fifty-first Congress were elected, then, in that event, this act is null and void, and the representatives from Kentucky to the Fifty-second Congress shall be elected from the same districts, composed of the same territory and having the same boundaries as those from which the Representatives in the Fifty-first Congress were elected.

Hard on the Republican Leaders.

Editor Bulletin—Will you please try and find room in your most welcome and valuable little paper for a short essay from a Republican?

I have been a Republican all of my life and have voted the Republican ticket ever since I have been a voter—about 18 years—and yet I cannot understand the leaders of the Republican party. For instance: When Mr. Culbertson ran for Congress he said that he would do all in

his power to get a pension for the boys that wore the blue. Did he keep his promise? No, no. I know of a man in Maysville that wrote to him three letters about his pension and he, Culbertson, did not even answer these letters. A fine Republican Congressman.

Then came the Hon. Mr. Wadsworth as a Republican Congressman. What was the cry by the Republican leaders? Send Mr. Wadsworth to Congress and he will do great things. What did he do? Nothing, nothing. The same man that wrote to Culbertson about a pension wrote to Mr. Wadsworth and received no reply.

Then came the great "I am" from Lewis. What was the cry of the leaders of the Republican party? Send Thomas to Congress and he will wake things up in grand style. And what did he do? Nothing, nothing. The same man from Maysville that wrote to Messrs. Culbertson and Wadsworth wrote also to Thomas, but no reply. A fine-haired Republican Congressman was Thomas.

Now what can be said about the Democratic Congressman, Mr. Paynter? The same man from Maysville that wrote to Culbertson, Wadsworth and Thomas wrote a letter to Paynter, the Democratic Congressman. What was the result? In less than three days the man from Maysville got an answer to his letter, and in about six months Mr. Paynter got a pension for him. Let all the Republicans that wore the blue join hands and say three cheers for Paynter and send him back to Congress.

A PAYNTER REPUBLICAN, AND DON'T YOU FORGET IT.

WASHINGTON, April 4.—[Special.]—The House Committee on the Judiciary, by an almost unanimous vote, has agreed to draft and report an amendment to the Constitution providing for the election of United States Senators by a direct vote of the people.

We publish the above for the benefit of Brother Davis, of the Maysville Republican. We suppose the amendment referred to is in response to a demand from "the voters who reap a harvest of boodle and fill up on mean whiskey dispensed by candidates." That's in line with Mr. Davis' argument about the election clause of the proposed new city charter.

During the past ten years the receipts of sheep at Chicago have steadily increased each year without a break. From a supply of 335,810 handled at that city in 1880 the arrivals increased to 1,003,598 head in 1885 and 1,832,469 last year. Receipts thus far this year are very large, with vast numbers of corn-fed Westerns arriving from Nebraska to Utah; yet the market is in excellent condition, with prices firm from week to week. Desirable muttons readily sold at \$5.25@5.60 last week.

JUDGE WILSON DEAD

The President of State National Bank Passes Away After a Lingering Illness.

Sketch of the Deceased--A Good Citizen and Successful Business Man Gone.

Judge John T. Wilson, whose critical illness has been frequently noticed during the past week or two, died last evening at 8 o'clock at the family residence near Mayslick.

The deceased was sixty-one years of age. He was born near Mayslick and spent his life in this, his native county. His wife, who was Miss Anna Duke, a sister of Mrs. Joseph F. Perrie of this city, survives him. He leaves no children and no brothers or sisters.

Mr. Wilson was one of the most successful business men of Mason County, having amassed an estate estimated to be worth \$200,000. In the early days of the Maysville and Lexington Railroad (now a part of the Kentucky Central) he served for some time as President of the company. He was one of the five men who established the State National Bank of this city. That was six or seven years ago. He was chosen President of the bank when it was established, and filled the position till the day of his death. Of the five gentlemen referred to above, Mr. C. B. Pearce is the only one now living. The others--the late Jas. H. Hall, Wm. H. Cox, Henry S. Root and Mr. Wilson--have all been removed from the busy scenes of life.

Mr. Wilson rarely ever took any active interest in politics, but in 1877 in response to the wishes of his many friends he entered the race for State Senator from this district. The contest was a very exciting one and he made a strong fight, but was defeated by Dr. James Shackelford. Some few months ago he was favorably mentioned in connection with the race for delegate to the approaching Constitutional convention.

The deceased was beloved by his friends and neighbors and was esteemed wherever known. His last illness dated back several weeks, and is thought to have resulted from a tumor of the brain.

The funeral will take place to-morrow afternoon at 2 o'clock at the family residence.

ELECTION AT ABERDEEN.

Full Vote on the Town Ticket, With Some Close Contests--Usual Democratic Majority in the Township.

Yesterday was election day in Ohio. Municipal and Township officers were chosen throughout the State.

At Aberdeen the contest for town officials brought out a very full vote--203 of the 205 in the place were polled. As may be seen by the figures below, there were several very close contests. Politics did not cut much of a figure in the fight. Full returns show the following:

Mayor.	Marshall.
John P. Pardon.....98	Jesse Ellis.....141
D. M. King.....67	S. M. Hudson.....3
L. D. Poot.....64	J. B. Jones.....64

Treasurer.	Councilmen.
W. P. C. McQuillan.....108	Geo. W. Schlitz.....129
S. P. Campbell.....91	James J. Smith.....12
	James Harding.....39

Three Councilmen were chosen, the successful ones being Schlitz, Small and Campbell.

The contest for Township officers resulted in the usual majority for the Huntington Democrats. Following are the returns:

Trustee.	Clerk.
Wm. Warren, (D).....299	P. W. Waldron, (D).....312
Lafayette McGowen, (R).....216	H. E. Rowland, (D).....242
Lafayette Fulton, (D).....17	T. H. Glascock, (D).....20

Assessor.	Justice of the Peace.
Eliza L. Martin, (D).....314	Alex. Grierison, (D).....--
Charles Speers, (R).....206	Isaac Worstell, (R).....--
J. K. Lawwill, (D).....15	

The vote for Justice of the Peace was not learned, but Mr. Grierison ran along with his ticket and got the usual majority.

Pickings from the Bourbon News. Spring poets and orators are getting ready to make things hot all along the line.

Wild ducks are plentiful, but it is said that they can hear a hunter tramp on a dead horse weed nearly a mile off.

A Big Real Estate Deal.

Messrs. Pearce & Duley bought yesterday from Mr. Charles B. Pearce the large lot of ground fronting about three hundred feet on the south side of Second street, opposite the C. and O. depot, and extending through to Third street. The price was \$10,000. The purchasers intend laying it off into fine building lots and placing them on the market at an early day.

The Colonel's Scheme.

The Lexington Globe says: "Everybody knows Col. W. W. Baldwin, of Maysville. He has been for years a prominent and enterprising citizen. He owns several turnpikes, one of them being the Lexington and Maysville pike. Colonel Baldwin is fond of Lexington and her people, and says he has a big scheme for our benefit. If he is allowed to carry it out he will build a capital building to cost \$5,000,000. This he would present to the State. He would then run pipe lines from Crab Orchard and Blue Licks into Lexington and furnish the people with good water. He thinks the millennium would then meander along this way and hang up in Lexington."

County Court Doings.

The annual report of the Dover and Minerva Turnpike Road Company for year 1888 was filed. The tolls collected with balance on hand at the commencement of the year amounted to \$947.32; expenditures, \$471.39, leaving \$475.93 on hand April 1, 1889.

J. T. Collopy, Constable of Mayslick precinct, filed his resignation, which was accepted.

A. M. J. Cochran qualified as a Notary Public, with Robert A. Cochran surety. An inventory and appraisal of the trust estate of H. R. Wood was filed. The appraisal amounted to \$2,720.

The report of the Lewis and Mason Turnpike Road Company was filed. The total receipts the past year were \$2,766.26, of which \$2,713.62 was from tolls. The expenditures were \$2,766.26. The company has a debt of \$950.

The Bulgarian Minister at Belgrade Recalled.

Intrigues Against the Regency and Government.

Emin Not So Anxious to Go Back Into Africa—Did Stanley "Rescue" Him in Order to Gain Possession of His Province and Stores of Ivory?—Father Schynae's Dairy Published—Foreign.

LONDON, April 8.—The recall of the Bulgarian minister at Belgrade was not due to the strained relations between the two Balkan powers, but to the fact that the Servian government had sent Sofia's cabinet proofs of the Bulgarian minister's intrigues against the regency and the Servian government. Gen. Gruitch, president of the Servian cabinet, asked Mr. Stanbuloff, the Bulgarian premier, to judge for himself whether the Bulgarian minister's conduct was in accordance with diplomatic usage. The Bulgarian government in recalling its minister showed that it was anxious to maintain good relations by adopting severe measures against its representative.

DAYBREAK IN ABYSSINIA.

Its Emperor Asks to Be Represented at the Anti-Slavery Congress.

ROME, April 8.—Premier Crispi received a letter from Menelek, emperor of Abyssinia, in which Italy is authorized by the Abyssinian monarch to represent Abyssinia at the anti-slavery congress to be held at Brussels.

Menelek asserts that it will be the policy and purpose of his government to co-operate with the nations of civilization in the effort to abolish the African slave trade.

In his letter Menelek asks that his troops and war munitions be allowed free passage through the Italian possessions in Africa while on their way to meet and fight the dervishes.

Mechacha, invested by Menelek with the powers of Ethiopian residents, has arrived at Massowah. He will act in harmony with the commander of the Italian forces in all matters appertaining to the government of the Tigre province.

As a consequence of this understanding, and the surrender of their enemies, the Abyssinian troops will evacuate the province. The property of the Tigre country is such as to render the maintenance of a large force of the troops impossible.

NOT SO ANXIOUS.

Emin Hesitates About Returning to the Heart of Africa.

ZANZIBAR, April 8.—Emin Pasha has arrived here. He shows less eagerness concerning the proposed expedition than his employers desire, and it is reported that he wishes to cancel his engagement and return to Europe before deciding as to his future plans.

Two Russian Professors Resign.

LONDON, April 8.—A dispatch from St. Petersburg to The London Daily Telegraph says that the minister of education and Professor Mendeliff, of the university, have both resigned their positions after having had a quarrel. The dispatch adds that the disorders continue, and that the prisons are overflowing with inmates.

The student disorders are practically ended, the holidays having taken the majority of the students to the country. It has been decided that only those shall be expelled who were in the disorders of 1888.

Emin and Stanley.

LONDON, April 8.—The Standard's Berlin correspondent says that England was informed beforehand of the projected Emin expedition.

Father Schynae, who returned to the coast with Stanley and Emin, has published his diary. He declares that he has Emin's authority for the statement that Emin, after talking with Stanley, became imbued with the belief that the latter aimed less at his rescue than at the possession of his province and stores of ivory.

The Unspeakable Turk.

CANIA, Crete, April 8.—Bodies of Turkish troops have pillaged Christian churches and insulted Christians in the province of Candia. At the request of the foreign consuls Chakir Pasha, the governor, has ordered an inquiry to be made into the outrages. The mixed commissions will inquire as to the extent of the damages the Christians have suffered and the Turks will be compelled to compensate them when the amount is ascertained.

Franco-German Alliance.

BERLIN, April 8.—The Hamburg Correspondent says that in contrast with Bismarck's policy, Emperor William intends to pave the way to an entente with France, and thus isolate Russia. The Austrian alliance, it adds, will remain unchanged.

William Wanted Emin.

BERLIN, April 8.—Maj. Liebert, previous to his departure for Zanzibar, was charged by Emperor William to use all means in his power to induce Emin Pasha to enter the service of Germany.

CONGRESS.

Eighty-Eighth Day.

In the senate—Petitions and remonstrances from religious missions and conferences were presented against the Chinese census bill. Several bills were passed, including one appropriating \$500,000 for an additional fire-proof building for the National museum; also for an inspection of meat exports; also for the appointment of an assistant general superintendent and chief clerk of the railway mail service. One hundred and thirteen private pension bills were passed in one hour. At 4:30 p. m. the senate adjourned.

In the house—Several bills were passed relating to military affairs; also for the removal of the naval powder magazine at Fort Ellis, New York harbor. Eulogies were delivered on the late Representative Nutting.

OUR NEIGHBORS.

SHANNON.

After a solemn and impressive burial service and sermon by Rev. Dr. Anderson, the remains of the late Thomas A. Arthur were laid to rest in Shannon cemetery Saturday afternoon. The service was unusually appropriate and touching by the organist Miss Bland, assisted by Miss Carrie Ly.

Mr. Arthur was much given to hospitalty, and he was never happier than when his house was filled with his friends. He had passed the age which the Psalmist assigns for the limit of manly life. He had nearly touched his seventy-second mile stone. In consequence of his bodily infirmities he had given up the duties of active farm life and gave to repose at home that interval of thought and quietude which every wise man would wish to place between the turmoil of life and the stillness of eternity.

With the aged wife, eight children survive him, four having preceded him to the tomb. He was a long sufferer from Bright's disease, and bore it so manfully.

NOTES.

About 400 persons attended the funeral. Johnny Porter was the funeral director. The text of the preacher was "I would not live always."

Mr. Charles B. Pearce and Mr. J. D. Peed, of Maysville, were out.

The floral offerings were a pillow and a crown of exquisite flowers.

The pall bearers were A. J. and G. W. Styles, John L. Caldwell, Henry Cracraft, Charles Bland and S. Prator.

Only two members of the old family of Arthur remain—Mr. Billy Arthur, of Mayslick, and Mrs. Jane Sult, of Sals.

The tidings of the death of Mr. Mark Arthur and Mrs. Bell Hovencamp, of Texas, have been received. Also the death of a son of Mrs. Hovencamp. These were brother, sister and nephew of the late Mr. Tom Arthur.

MAYSICK.

'Tis passing strange that a letter will miss carrying from this place to Paris.

H. L. Wilson, of Sals, was here last Friday to see his cousin, Judge Wilson.

The colored Baptists are still pushing their big meeting, which has been going on now for six weeks.

Why is it that letters from Cincinnati to this place go on to Maysville and return next morning on the up train? It should not be so. Who is to blame?

J. A. Jackson is receiving a large stock of spring and summer goods. Among them is a sure cure for headache and bog and cholera colera. He says cash gets the bargains.
